Dimension (L*W*H)	660*520*1260mm
Weight	300KG

DESCRIPTION

HC-P32NC hydraulic hose crimper is an advanced numerical control model, it equipped with a touch screen CNC panel, the preprogrammed design make the P32NC crimper machine works more efficiently and multifunctional.

It offers various modes of operation, the automatic mode supports the customer has a serial production for the hose fitting assembly. The creative control makes this best hose crimper machine more precise so that the crimping process has positive stops.

The high-end parts configuration guarantees a rugged durable quality, to compare with all the advantages, the 2 inches crimping range may be the most basic application.

FEATURES

- Numerical control hose crimper
- Crimps up to 2 inch 4 layers hydraulic hoses and 3 inch industrial hose
- Quick change dies tool
